## SUMMARY

---

Result-driven in computer science graduate with 1.9 years of hands-on experience in software development. Eager to leverage my expertise in cutting-edge technology joining renowned company which is at the forefront of solving complex customer challenges.

## WORK EXPERIENCE

---

### Junior Software Engineer

Cognizant Technology Solutions | ADM [Application Development and Maintenance]

Nov-24-2022– Present

- Collaborated with a team of 22 members to integrate knowledge of a backend-application and Maintained enterprise-level applications using Java 8, Spring Boot and Spring MVC.
- Enhanced the application execution performance by 30% through troubleshooting and identification of non-performant code. Which result-in 15 seconds faster than previous throughputs.
- Improved code coverage by 50% through close collaboration with quality engineers, actively identifying and developing end-to-end automation tests.
- We were worked on domain specific knowledge for code reviews, challenges, debugging, and testing processes to ensure high-quality deliverables.
- Collaborated with cross-functional teams to design and implement software solutions aligned with client requirements.

## PROJECT EXPERIENCE

---

**Coops Allowance | Walmart** | Java Spring Boot, Azure Cloud, Microservices, Web Api's, Junit Testing.

- Addressed 25% of priority issues assigned to our business organization by promptly delivering the fixes workarounds to customers in production.
- Contribute to code coverage testing using Junit-5(Jupiter API and Mockito) for Allocation module and Migrating Tables from DB2 to Azure SQL Database and developed one cronjob application. Tools/Concepts/Tech: Java, Spring and MySQL.
- Demonstrated adaptability and quick learning in a fast-paced Agile-methodology.

**GL-Applications Finance Support | Walmart** | WCNP Deployments, Monitoring, Kafka, Kubernetes.

- Provided expert support for client applications, addressing technical issues, and ensuring optimal system performance.
- Proactively identified opportunities for process improvement and contributed to the development of support strategies.

## EDUCATION

---

**Visvesvaraya Technological University | AMC Engineering College**

Aug 2018 – Jun 2022

Bachelor of Engineering in Computer Science

Bengaluru, Karnataka

## TECHNICAL SKILLS

---

**Container Management Technology:** Docker, Kubernetes and Splunk.

**Developer Tools:** VS code, Eclipse, MySQL server management Studio, MS SQL Database, SQL Server.

**Tools/Frameworks:** Java 8, Java Spring Boot, Spring MVC, RESTful API, Microservices, GitHub, Junit Testing, Bootstrap, HTML5, CSS3 and PHP.

## CERTIFICATIONS

---

**Azure Fundamentals [AZ-900]** | Microsoft

May-17-2023

**Cybersecurity** | Palo Alto Network Cybersecurity Academy

June-02-2021
